**Cube H₂Zero™ Urinal**

A contemporary design wall mounted urinal providing superior waterless technology for optimum water efficiency. The Caroma H₂Zero™ Cube Urinal has been designed to utilise unique cartridge technology. The patented cartridge incorporates a Bio Seal™ that opens during usage and self seals immediately after use eliminating the need for flushing water. A replaceable Bio Fresh deodorising block maintains the aesthetics of the urinal bowl by assisting in the dissipation of uric salts and releasing a pleasant fragrance. The urinal incorporates concealed plumbing connections and easy to clean surfaces for minimum low cost maintenance. The metal grate is vandal resistant and a specially designed tool is used for the touch-free replacement of the Bio Seal™ and Bio Fresh deodorising block. Caroma H₂Zero™ Cube Urinal Code No. 678610.

**Trap:** The unique one way Bio Seal™ opens with usage and self seals immediately. This eliminates the need for flushing water.

**Outlet:** The urinal outlet is connected to 50mm PVC DWV waste pipe.

**Fixing:** The H₂Zero™ Cube urinal is fixed to the wall with the D.167 Concealed Fixing Bracket supplied.

**Fittings:** Vandal resistant satin chrome grate supplied as standard. Vitreous china grate option is available for light commercial applications. Code No. 687080W

**Installation:** The urinal must be installed in accordance with the AS/NZS 3500 Plumbing requirements. Local Authorities have varying requirements. Refer to Important Information for Plumbers section.

**Colours:** White only.
